

The BASSANO RECORD

VOLUME SIX NUMBER 97

BASSANO, ALBERTA, Thursday May 17th, 1948

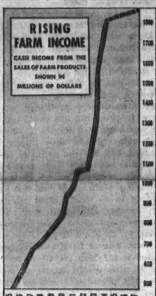

License Number 7128

Liberal Action for Agriculture

Here are some of the practical steps which your Liberal government has taken for your benefit:

- 1 Guarantees of minimum prices for farm products.
- 2 Trade agreements with 20 countries.
- 3 Debt cancellation took \$225 millions debt off farmers' shoulders.
- 4 Took import duty and war exchange tax off farm equipment.
- 5 Several apple industry by special marketing agreements.
- 6 Premiums paid on high grade cheese and grade A and B1 eggs.
- 7 Wheat Acreage Reduction and Prairie Farm Income Payments made in 1941 to tide farmers over until market for wheat found.
- 8 Export contracts, operative until 1947, set at floor prices under farm products.
- 9 The above, with the Export Credit Insurance Act, will maintain farm incomes throughout post-war period.
- 10 Appointed (August 1944) Agricultural Prices Support Board to guarantee the post-war security of farmers' incomes.
- 11 To enable farmers to improve their working and living conditions, your Liberal Government has provided for intermediate and short term credits by amending the Bank Act and passing the Farm Improvement Loans Act, and further, has arranged that those wishing to build new homes or repair, extend or renovate their present homes can borrow the money under the National Housing Act.
- 12 Integrated annual farm production programmes through co-operation between the Department of Agriculture and farmers' organizations in every part of Canada.

Cash income from the sale of farm products (millions of dollars)

(By Our Correspondent)

At the Red Cross Meeting held at the home of Mrs. Ole Olson the following articles were turned in:

9 baby nighties; 2 pr. ankle socks; 8 blouses; 4 pr. men's pyjamas; 15-6 yr. nighties; 4 pr. men's socks; 4 pr. panties; 1 V-neck long sleeve sweaters; 1 baby outfit; 1-12 yr. sweaters; 2 jumpers; and 1 quilt top. The tea money came to \$1.63.

The last Red Cross Meeting was held at the home of Mrs. Alvin Mullen on Thursday May 13th. The following articles were turned in: 10 girls' nighties; 3 pr. panties; 4 pr. men's pyjamas and 1 quilt top. The money was \$1.88.

The ladies decided to change the Red Cross Meeting to Wednesday afternoons of every other week. The next meeting will be held at the home of Mrs. J. Bulger.

Mrs. Bill Brockbank was a Calgary visitor last week.

Mr and Mrs Bob Mullen are visiting at the home of Mr and Mrs Alvin Mullen.

Mr and Mrs Ralph Arison of Mooseleigh were visitors at the home of Mr and Mrs Fred Bulger last Friday.

The district last another of its Pioneers in the death of Mr John Clark Senior which occurred, at the Bassano Hospital on Monday, May 17th. Mrs Clark came as a bride to the Makepeace district in the early 1900's. She was one of the first settlers in this district. She was a true Pioneer. Every one who came to her door was made welcome from the immigrant girl who came as a bride to the district the lost and half frozen tenderfoot, the cowboy, and the grubline rider and all the lonely neighbors whose shoulders dotted the prairies in those early days. She fed and cheered them all. She was laid to rest beside her husband at Glencliff cemetery.

We shall all miss her very much. She leaves to mourn her one son John Clark and wife and four grandchildren.

A number of people from the

district attended the V-day celebration in Bassano last Monday and Tuesday.

A number of people attended the dance in Cluny last Friday evening.

Mr and Mrs Ed Schaffer spent Sunday in Bassano at the home of the farmer's mother, Mrs Schaffer.

Mr and Mrs J. Bulger spent Saturday evening at the home of Mr and Mrs Herman Jorgensen.

A party was held at the home of Mr and Mrs Madson recently in honor of their 25th wedding anniversary. They were presented with a silver set.

Edward Madson is home on leave from the R.C.A.F.

Mr and Mrs Jack Hanna are at present away on holidays. Mr Hanna is employed by the C.P.R. at Makepeace.

Mr. Edna Bray was a Calgary visitor last week.

Mr and Mrs Peter Gellings of Rosemary spent Sunday at the home of Mr and Mrs Dick Gellings.

Mr Bert Ross is at present a patient in the Bassano hospital. We all wish him a speedy recovery.

HUSSAR NEWS

Hussar and Community celebrated V-E day on Tuesday evening by having a "Pot Luck" supper in the Aid kitchen. The tables were filled to capacity; and a beautiful meal was served. The committee in charge, Messrs. Lawrie, Larsen and Bell, with their wives and many other willing helpers deserve sincere thanks for their happy thought, in planning this gathering. After all had been served, the crowd gathered in the hall for a short program with S.W. Lawrie at the piano, all sang "O Canada" and later, joined in a sing-song. The chief item on the program was a splendid talk given by Rev. Ellen Lowe Armstrong; in which she stressed the responsibility of the individual in bringing about a world peace. After more singing, P.R. Larsen conducted a drawing game in which the lucky child received a War Savings Stamp, as prize; Miss Olive Larsen did the drawing. Then the floor was cleared for dancing. Our thoughts were with our boys who are in the service, and our one girl; and with one who made the supreme sacrifice; Cpl. James Lawson, and his parents.

A list of those in active service follows:

John Bracken — The Man

John Bracken, the son of a farmer Ephraim Bracken and his wife, Alberta, was born in a log cabin in Ellsville, Leeds County, Ontario, on the 22nd of June, 1883.

Here, briefly chronicled, are the main events in the life of John Bracken:

- 1898 - Student at Brockville Collegiate, Ontario.
- 1902-5 Student at the Ontario Agricultural College Guelph. He won four scholarships, the Governor-General's Medal, was top honours student and class medalist. Here, too, he met Alice Wylie Bruce.
- 1906 - Young Bracken went to Winnipeg as representative of the Seeds Branch of the Dominion Department of Agriculture.
- 1907 - In the neighbouring Province of Saskatchewan, John Bracken became Superintendent of Fairs and Farmers' Institutes and Secretary of the Provincial Livestock Association.
- 1910 - John Bracken was appointed Professor of Field Husbandry at the new University of Saskatchewan. He took the first train to Guelph, Ontario, married Alice Wylie Bruce. Four sons were born — three of whom are now on Active Service with the Navy, Army and Air Force.
- 1920 - Already the author of two books on agriculture, John Bracken became President of the Manitoba Agricultural College.
- 1922 - John Bracken accepted the leadership of the Progressive Farmer Government, was sworn in as Prime Minister of Manitoba.
Now began the political life of the most continuously successful political leader the Empire has produced in this century. Since that day — from 1922 to 1942 — John Bracken has never been defeated.
- 1932 - The Liberals joined John Bracken's farmer government.
- 1940 - All the other political parties, including the C.C.F. and Social Creditors, throw in their fortunes with a great leader forming a wartime Coalition Manitoba government.
- 1942 - The year of John Bracken's great decision. John Bracken, the Progressive, accepted the national leadership of a great resurgent people's party — The Progressive Conservatives.

ANNOUNCEMENTS

"LIBERAL MEETING FOR MR. R. C. G. Candidate, will be held in Bassano on May 22nd, at 8:00 p.m. Senator Gershaw, M.D. and other prominent speakers will address the meeting."

John Bracken—The Farmer

On the 11th of December, 1942, John Bracken stood in the Auditorium in Winnipeg before a great concourse of people. John Bracken—the Farmer—was accepting the leadership of a great resurgent people's party. In ringing tones he was speaking of "The People's Charter". And the soul-searching sincerity of this man of the soil, with his vision of Canada, of Canadians and the lies within our grasp "world of plenty that was deeply moving."

Picture the background of this man at this moment. John Bracken, the farm boy on his father's farm in Ontario, milking, haying, carrying in the wood, plowing... then young Bracken, honours student at the Ontario Agricultural College going to Manitoba as representative of the Department of Agriculture... on to Saskatchewan as Superintendent of Fairs and Farmers' Institutes and Secretary of the Provincial Livestock Association... then, later, John Bracken, author, writing books about farms, farming, farmers...

And now years later, in Winnipeg, John Bracken, the farmer, is speaking of "the right of farmers and other primary producers to a fair share of the nation's income." Notice the simplicity of the language he uses, clear, concise—sincere.

"During the last decade" he is saying, "farm income fell to such a low average as to become of very great concern in our Canadian economy. It is the responsibility of the nation to see that this great inequality shall not be perpetuated."

Then, suddenly his voice rises, becomes even clearer, more inclusive. "I may say quite frankly that if it has not been for that plank in your platform which provides for a square deal for agriculture, I would not be here."

Two years later, in Alliston, Ontario,—again the same simplicity, the moving sincerity.

"I am an agrarian," said John Bracken. "And I am a Canadian... who seeks to correct the major social injustices of our day—the unfair share of the national income that goes to farmers and farm women and farm workers." Then, with a statesman's enlargement of vision, he added, "When the injustice to the farmer is removed, the economy of Canada as a whole will be strengthened."

No one could be less parochial in his outlook—more deeply concerned with national welfare than John Bracken, the farmer who embarked twenty years ago on a career so successful as to be without precedent in contemporary political history within the British Commonwealth of Nations.

Know John Bracken—The Progressive Conservative

All across Canada towns and cities and villages are thinking in terms of post-war flying and landing facilities which will put them on the air map.

Just south of Cobalt, Ont., the other day we noticed, for instance, a fine little airfield. One of the runways we noticed on our way by, paralleled the main highway not far south of the town. How handy it would be, we reflected to drop in for a few minutes on our way north to Kirkland Lake, Timmins or Val d'Or, after the war. And then we thought some more.

It's a good looking field. Landing would be simple enough, but what that would have to leave our plane unattended at the mercy of souvenir hunters while we thumbed a ride into town for a bite to eat and spent a couple of hours trying to round up some aviation gasoline?

Obviously, the airport alone is not enough. Without someone to service a welcome and necessary service, one could easily waste as much time at unattended fields as is would take to drive 50 or 100 miles.

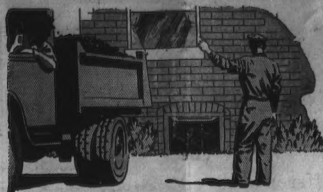

What a beautiful opportunity the Cobalt field presents to some air force veteran or veterans to build a combination highway service station and airport hangar at one end of the runway beside the

So when a community begins to think of landing facilities, it should also think in terms of a man making a living on the spot. Not only will such airports draw business from visiting firms, but the people of almost any Canadian town or city will drive out in dozens to visit their own airport, to hang around watching their own neighbours learning to fly, to buy hot dogs at the airport stand and have their automobiles gassed up at the airport service station.

Airlines in the United States learned years ago that literally thousands of people would drive many miles to stand and gaze at planes arriving and departing. By this time one would think that people would be sufficiently accustomed to flying and to seeing planes overhead that they would no longer bother. But still the crowds are visiting airports.

Already the Committee to Aid Post-War Flying in Canada which sponsors this column, is prepared to offer advice and guidance to young air force veterans interested in starting their own flying school and airport service stations. The Committee does not care what make or type of aircraft a veteran is interested in flying. That is something which a flier is quite competent to decide for himself, but it is prepared to help steer him over the rough spots, provide him with information and suggestions.

Small flying schools and airport service stations need not be expensive propositions. There are oil companies ready to install tanks and other necessary equipment. The average pilot and aero-engine mechanic in partnership will have little difficulty raising the necessary funds to get started. Even the plan will be available on the

BUY COAL NOW WHILE YOU CAN

This year there must be no "slack season" at Western mines. Every miner must be kept working if you are to be sure of your next winter's supply of coal.

Do not rely on being able to order coal later on. You might have to wait days, or even weeks, for delivery. Get your dealer to fill your bin as soon as possible.

same easy terms by which one buys an automobile.

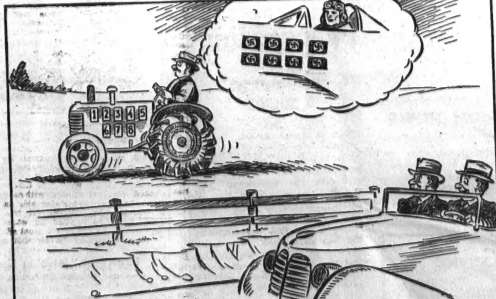

Tick Tocks by the Thousand

An output of 3,000 clocks a day has been achieved by Canada's only wartime clock factory. Stripped of their "gingerbread", these utility war-alarms are the simplest and most effective that ever broke into a nightmare or shattered a dream. Through expert planning by Canadian officials, these clocks are distributed to citizens of the Commonwealth on the home and fighting fronts of the world. Perhaps nowhere in the Empire is there a factory geared for clocks and at the same time turning out the implements of war so efficiently.

Farm Machinery to UNRRA

One of the most pressing needs of the liberated peoples of Europe is farm machinery. Canada has

About Insects

The bulletin on small fruits, announced in our last article, has a twin brother named "Field Crop Insects in the Prairie Provinces". This last publication has been prepared in response to a very widespread demand for reliable information on the identification and control of insects that thrive at the expense of field crops.

Line Elevator Companies esteem it a great privilege to offer this bulletin to prairie farmers and rural schools. The information is up to date and authoritative, having been prepared by specialists in the laboratories of the Division of Entomology, Science Service, Dominion Department of Agriculture and in the Department of Entomology, The University of Manitoba.

This bulletin is not a textbook, but merely a handbook. It will serve as a useful guide to the most destructive of our field crop insects, and to the best methods of control at our disposal. In all, there are forty-one excellent illustrations of which eight are in full colour. Aside from its practical value in connection with crop protection, this publication provides some very interesting reading.

Copies are available, free of charge, to farmers, and rural school teachers and pupils in the Prairie Provinces. They may be obtained through local Line Elevator agents, or from Line Elevators Farm Service, Winnipeg, or Calgary.

Allow Quantity Farm Machinery

Effective July 1, a new order removes all restrictions on the import and manufacture of repair parts for farm machinery and equipment, and assures equitable distribution for all districts, the

DRUGS and STATIONARY

STILES THE DRUGGIST

"THE RETAIL STORE"

WARNING

Warning To Buyers of Seed Potatoes

War-time gardeners and anyone else buying potatoes for use as seed should note that such potatoes when offered for sale are in containers of 10, 15 or 25 pounds with the dealer's name attached giving the grade, variety and the certificate number of the grower. The retail dealer must have a permit from the Dominion Plant Protection Division, Ottawa, to repack seed potatoes states the Dominion Department of Agriculture.

This is required by an Order of the Minister of Agriculture passed on September 12, 1944. The purpose of this order is to insure that war-time gardeners and others who buy seed potatoes actually receive them and that they get the value for the extra price paid as compared with table potatoes. The Department points out that not all potatoes are suitable for seed. The certified product is practically free from diseases which cause reduction in yield and quality.

Bassano Unit Goes Over The Top Again

Bassano has reached its Quota in the 8th, Victory Loan, with a total of \$19 Applications. Valued at \$104,000, 100 percent. The local Committee appreciate the splendid work done by the Salesmen in all districts of the Unit, they worked hard and gave the territory a thorough covering and they are to be congratulated on the success achieved.

The following is a summary of the sales in the different districts:

District	App.	Value
Bassano	115	\$43,300.00
Latham	5	2,650.00
Countess	80	6,400.00
Crowfoot	14	2,080.00
Makepeace	20	4,300.00
Hussar	106	14,300.00
Hussar	130	44,450.00
Employees	70	5,500.00
Total	510	140,400.00

BLOOD DONOR CLINIC SUCCESS

The Calgary Mobile Blood Donor Clinic visited Bassano on Tuesday for the fourth time. It was in charge of Miss Burton and Mrs. Millard. A very successful clinic was held eighty five people from Bassano, Genl, Makepeace, Countess and Rosemary were on hand to donate blood, sixty nine were accepted. Sixteen donors received buttons for donating blood three times. More donors could have been handled, as a large number of prospective donors from Rosemary failed to come to the clinic. The President and Executive of the local Branch wish to thank all who assisted in any way to make the Clinic a success, by loaning articles of equipment, or helping with the Clinic.

War-time Prices and Trade Board

The order also maintains approximately 100 percent of the 1944-45 farm machinery production, with possibilities of additional quantities as war contracts terminate and raw materials are in better supply.

In addition to new machinery, repair parts, etc. which are made available for the ration 17,933 tons of farm implements have been provided to the Department of Veterans Affairs for distribution under the Veterans' Land Act.
